MIDNIGHT COLLECTION

Perfection in simplicity

The Midnight Collection is minimalism made absolute. Strict. Dark. Exquisite. A single shade with boundless depth. Perfection is simplicity, stark and refined.

CONCRETE COLLECTION

Another look

The Concrete Collection embodies the dualism of roughness and softness. It is both loud and fragile, a union of contrasts and opposites. Together, these elements create a feeling of serenity and peace, allowing the pots in this collection to fit their environment seamlessly.

A large indoor plant with broad, green, heart-shaped leaves is housed in a light-colored, textured concrete pot. The plant is positioned in a modern clothing store, with a large mirror reflecting the scene and a mannequin in a black puffer jacket and striped skirt visible in the background. The floor is a light, neutral color, and the overall aesthetic is clean and minimalist.
